PRESENTATION

City Council Representative Presentation (10 minutes if needed)

New South Hill Library Location - Andrew Chanse, Executive Director, Spokane Public Library

The Spokane Public Library is looking to add a new branch on the South Hill to replace the location at Perry and 32nd. Currently they are considering putting the new branch on Park Department land near Thornton Murphy Park at 27th and Ray.

2018 Traffic Calming Applications

SNC can submit an application for a traffic calming project for a residential and arterial street. Applications are due March 1st. This month we will discuss possible project ideas and vote in February for which ones to submit.

Find out more about the Traffic Calming Program on the City's website: <https://my.spokanecity.org/neighborhoods/programs/traffic-calming/>

Last month people suggested the following projects for consideration, this month we will vote on one to pursue by the March 1st deadline:

- Clearly marking the pedestrian crossing at 39th & Regal to improve visibility
- Make the right lane at 44th and Regal heading northbound right turn only to make the through traffic merge earlier and not back up into the intersection
- Infill sidewalks on Thurston Street between Cook and Regal (or further if we can)
- City-requested flashing lights at schools zones near Ferris HS on 37th (SNC members suggested that the city use their funds from red lights at schools)
